Your Pipeline Safety Checklist

Make sure you can answer **Yes** to these important natural gas pipeline safety questions:

	Yes	No
Do you call your local one-call utility locator service before starting a digging project to make sure you won't contact buried gas pipelines and other utilities?	☐	☐
Can you recognize the odor of a natural gas leak?	☐	☐
Can you name some of the warning signs of a natural gas pipeline leak?	☐	☐
Do you know what to do if you find a leaking natural gas pipeline?	☐	☐
Are you careful to not disturb utility locator flags along the sidewalk or street?	☐	☐
Do the adults in your home know where to find your natural gas shut-off valve and how to use it?	☐	☐

If you answered **No** to any of these questions, it's time to review this website to brush up on your gas pipeline safety tips.
